Idaho National Lab OSF's Validation

Areas of Concern

- **Unit size of measure -where assets are grouped together this field is summarized. The unit size is entered into the notes field. (FIMS)**
- **Actual location of OSF's in designated areas.**
- **Replacement Plant Value – not accurate, Based on Initial Acquisition Costs, escalated to current value.**
- **Deferred Maintenance – rolled up into summary of all grouped assets.**
- **Inspections data is lacking for OSF'S**

Solutions

- **Properly define what we have.**
- **INL has loaded OSF'S into CAIS**
- **Need Accurate RPV'S (Cost Works)**
- **No Model Types to develop RPV**

- **Discussion**
